Experience / Apprenticeship

Krish Technolabs Pvt. Ltd.   October 2025 – Present
Software Developer   *Ahmedabad, Gujarat*
- Led the development of a large-scale pharmaceutical eCommerce platform, heading the complete **Next.js**-based web application architecture and implementation.
- Contributed to a full-featured **React Native** mobile app, ensuring seamless performance, optimized API integration, and a smooth user experience across devices. For the same pharmaceutical brand.

Krish Technolabs Pvt. Ltd.   June 2023 – August 2025
Jr. Software Developer   *Ahmedabad, Gujarat*
- Contributed to two eCommerce projects using **React.js** and **Next.js**, delivering high-performance, user-centric interfaces.
- Built and maintained reusable, responsive UI components for consistent cross-device user experiences.
- Integrated **GraphQL** APIs in collaboration with backend teams to ensure seamless and efficient data flow.
- Worked closely with senior developers to ship features on time, follow best practices, and uphold code quality through regular reviews.

Krish Technolabs Pvt. Ltd.   Jan 2023 – June 2023
Internship Trainee   *Ahmedabad, Gujarat*
- Completed an intensive full-stack development training program, earning a **Pre-Placement Offer (PPO)** through consistent high performance.
- Gained hands-on experience with the **MERN stack** — **MongoDB**, **Express**, **React**, and **Node.js** — by building real-world projects.

Projects

Hnak ↗   *NextJs, GraphQL, Redux, Tailwind*

Contributed as a **Frontend Developer** to a **Next.js-based eCommerce platform**, taking full ownership of end-to-end feature delivery — from architecture to deployment. Built responsive, high-performance UIs with seamless **GraphQL** integration, **improving site performance by 5×** and driving a **275% increase in daily orders** (from 40 to 150+), with all features rigorously QA-tested and production-ready.

Nazih ↗   *React Native, Redux, Toolkit, CleverTap, Xcode*

As a **React Native Developer** I developed key modules of the **mobile application** with a strong focus on implementing robust checkout flows and **integrating multiple payment gateways**. I also architected a seamless multi-store experience, enabling the app to **support 5 distinct stores within a single interface**, significantly enhancing scalability and delivering a smooth, unified eCommerce experience across all stores.

Education
